

Thai Hoang Nhan

FULL-STACK DEVELOPER

0702 603 318

thaihoangnhant17ld@gmail.com

Ho Chi Minh City, Vietnam

Computer Science graduate with experience in SAP ABAP and full-stack web development. Experienced in building and maintaining web applications using ReactJS, TypeScript, and ASP.NET Core. Skilled in RESTful API development, authentication systems, Entity Framework Core, SQL databases, and familiar with microservice technologies such as RabbitMQ and gRPC.

EDUCATION

Bachelor's Degree in Computer Science (Honor Program in Computer Science)

Jun 2022

University of Information Technology, Vietnam

EXPERIENCE

FULL-STACK DEVELOPER

Ho Chi Minh City

ODH

Aug 2025 – Present

- Developed and maintained RESTful APIs using ASP.NET Core to support CRUD operations and business workflows.
- Designed and optimized SQL stored procedures to improve system performance and efficiently process business logic.
- Designed and implemented frontend applications using WinForms and ReactJS with Ant Design, creating responsive and user-friendly interfaces.
- Integrated frontend applications with backend APIs to support business requirements and user interactions.
- Implemented asynchronous communication between services using RabbitMQ to improve scalability and reduce service dependencies.

SAP ABAP CONSULTANT

Ho Chi Minh City

BOSCH

Dec 2021 – Jun 2023

- Worked on an internal APM project, handling user requests and resolving issues related to business workflows and system operations.
- Investigated and reproduced reported issues through debugging and test case analysis to identify root causes.
- Proposed and implemented code enhancements to improve system functionality and business processes.
- Collaborated with users and cross-functional teams to ensure effective communication and timely issue resolution.

SKILLS

Programming Languages

- C#, TypeScript
- SQL, Python

Frontend

- ReactJS
- Redux
- Vite
- Ant Design
- Material UI

Backend

- ASP.NET Core
- Entity Framework Core
- REST APIs
- JWT Authentication
- SignalR

Architecture & Tools

- Clean Architecture
- CQRS
- RabbitMQ

- gRPC
- Docker
- Git

SOFT SKILLS

- Problem-solving and analytical thinking
- Team collaboration and communication
- Adaptability and quick learning
- Time management and prioritization

LANGUAGES

- English – Intermediate
